

Custom Golf Apparel

2026 Digital Catalog

North America.

Who We Are

Mega Elephant is a Guangzhou-based custom golf apparel manufacturer. We combine on-the-ground production capacity in our partner network with strict Western-market compliance — OEKO-TEX certified fabrics, transparent DDP pricing, and on-time shipment guarantees.

What we make

- Custom golf polo shirts — the world's most-shared fabric and fit platform.
- Custom golf quarter-zip pullovers, hoodies, and UV outerwear.
- Coordinated women's sets, skorts, and resort shirts.
- Full team packages: polo + jacket + cap, player-number personalization.

Why buyers choose us

- Fabric performance you can feel — HydroCool moisture-wicking, 4-Way Hyper-Stretch, UPF 50+ Solar Shield.
- Stay-Flat collar — engineered interlining that resists the curling polo collar buyers complain about.
- True-to-Size Western fit — US Standard and European Slim blocks, size chart in inch and cm.
- Low MOQ from 50 pcs, 3–7 day sampling, 15–25 day bulk production, 12-hour inquiry reply.
- 100% on-time shipment guarantee with contractual backstop.

Core Product Range

Category	Typical Fabric	MOQ	Lead Time	Decoration
Custom Polo Shirts	88% rPET / 12% Spandex, 160–180 gsm	50 pcs	15–25 days	Embroidery / Sublimation

UV Sun Jackets	Ripstop with TPU membrane, UPF 50+	100 pcs	25–35 days	Heat transfer / Embroidery
Hoodies	French terry / fleece, 320–400 gsm	100 pcs	25–35 days	Embroidery / Print
Resort / Hawaiian	Peach-skin polyester, 110–140 gsm	50 pcs	15–25 days	Full sublimation
Women's Sets & Skorts	Poly-spandex, 200–240 gsm	80 pcs	20–28 days	Embroidery / Sublimation
Team Packages	Mixed	100 pcs	25–35 days	Sublimation + Embroidery

MOQs and lead times above are indicative; final terms depend on fabric, decoration complexity and destination. Talk to us about your project — we will quote in 12 hours.

Craftsmanship Showcase

Buyers want to see the techniques behind the product. Here is what our production lines run day-to-day.

Technique	What it is	Where we use it
Full-coverage Sublimation	Dye is transferred into the polyester fiber at high temperatures.	Corporate shirts, photographic shirts, all-packages, zoomed-in logos.
3D Silicone / Heat Transfer Logo	Tactile, raised logos with sharp edges. Soft hand-feel.	Belts, caps, washers, zip pulls, arms, cap fronts.
High-Density Embroidery	Three-dimensional stitched logo with raised surface.	Premium polo shirts, cap fronts, sleeve cuffs.
Laser-Cut Ventilation	Precision micro-perforations for cooling zones without weakening the fabric.	Hoodwings, back yokes, side seams.
Stay-Flat Collar Interlining	Proprietary interlining that resists the curling collar after washes.	All polo styles.
Four-Needle Six-Thread Stitching	Flat, reinforced seam for stretch garments — no curling or fraying.	Polo hem, sleeve, zip side seams.

Tiered MOQ

Different decoration methods have different production economics. Here is the honest range.

Decoration / Service	MOQ per style	Notes
Full-coverage Sublimation	20 pcs	All-over print; ideal for clubs, events, and small brand launches.
Stock Fabric + Embroidery / Print	50 pcs	Fastest sampling — ship in 15–25 days.
Custom Fabric + Cut & Sew	100 pcs	Buyer-specified fabric; 35–45 day lead time.
Complex Multi-Piece Team Packages	100 pcs	Multiple items, mixed decoration, personalization.

Lead Time Reference

- Sample kit / counter-sample: 3–7 days after artwork approval.
- Bulk production: 15–25 days after sample approval.
- Door-to-door sea to EU ports (Hamburg, Rotterdam, Felixstowe): 28–35 days.
- Express sea to US West Coast (Los Angeles): 16–22 days.
- Air freight available on request for tight event deadlines.

Size & Fit Reference

We run two fit blocks side-by-side: US Standard for the relaxed, easy-to-wear market, and European Slim for a closer, modern silhouette. Below is the men's polo block in inch and centimetre.

Size	Chest (in)	Chest (cm)	Length (in)	Length (cm)	Shoulder (in)	Shoulder (cm)
XS	36	92	27	69	17	43
S	38	97	28	71	17.5	44.5
M	40	102	29	73	18.5	47
L	42	107	30	76	19	48.5
XL	44	112	31	79	20	51
2XL	47	119	32	81	21	53
3XL	50	127	33	84	22	56
4XL	53	135	34	86	23	58.5

Tolerances ± 0.5 in / 1.5 cm. Custom size sets available on request. European Slim block runs 2 in / 5 cm narrower at chest for the same size label.

Start Your Project

Send us your design, tech-pack, or even a sketch. We will reply within 12 hours with a transparent DDP quote, an honest MOQ recommendation, and a sample timeline.
